SKILLS

Technical Skills: HTML, CSS, JavaScript, PHP, and MySQL

Frameworks & Tools: React, Laravel, Tailwind, MUI, Bootstrap, MySQL, Postman, GitLab, GitHub, Bitbucket, and Jira/Atlassian

Soft Skills: Eagerness to learn, Willingness to adapt technology trends, Problem-Solving, and good communication

WORK EXPERIENCE

NTT LIMITED PHILIPPINES

Quezon City, Philippines

Full Stack Developer

Jul 2024 – Present

React, MUI, Laravel, Postman, MySQL & GitLab

- Developed reusable, modular UI components, reducing repeat component build time from about 30% to 10% and accelerating development
- Built responsive, mobile-first interfaces and ensured accessibility standards across all pages.
- Integrated multiple RESTful APIs and handled frontend data mapping, state management, and dynamic rendering.
- Improved UI/UX workflows, leading to smoother navigation and increased user satisfaction.
- Optimized frontend performance through lazy loading, code splitting, and reducing unnecessary re-renders.
- Implemented backend logic using Laravel with repository pattern to ensure cleaner separation of concerns.
- Developed and maintained RESTful APIs for core product features, including authentication, user profiles, and product management.
- Used Postman extensively for API testing, debugging, and documentation.
- Collaborated with cross-functional teams using Git workflows, code reviews, and Agile methodologies (Scrum).
- Ensured system reliability by identifying bugs, conducting debugging sessions, and deploying fixes rapidly.
- Contributed to end-to-end development, from planning and design to development, testing, and deployment.

FLOOR CENTER

Quezon City, Philippines

Full Stack Developer

Jul 2023 – Jul 2024

HTML, CSS (Tailwind), JavaScript, Laravel, MySQL, & GitHub

- Integrated Login, Registration, Logout, Email Verification of Laravel authentication.
- Created Index/Home, Login, Registration, Product List, Add to Cart pages, and utilized the Checkout API for checkout page.
- Cross-platform development with Android and iOS
- Guided UI/UX development for enhanced user-friendliness, especially for non-technical clients and customers.
- Incorporated the Shopify API, Storefront API, and GraphQL API to retrieve data from Shopify and integrate them into the website.
- Implemented 3 efficient ways to filter the products, reducing search time from 15 seconds to 1 second, significantly improving the user experience.
- Added 3 different stores that handled different variants of products, price, and quantity.

REAL FAITH SOLUTIONS

Caloocan City, Philippines

Front End Developer Intern

Jun 2022 – Oct 2022

HTML, CSS (Bootstrap), JavaScript, Laravel, MySQL, Bitbucket, and Jira/Atlassian

- Involved in 3 applications: Lab Information Management System, Gender-Based Violence Information Management System, and Loan Management System.
- Optimized the workflow to gather information.
- Implemented a filtering feature to efficiently identify individuals with a history of issues, resulting in significant time savings for verifications.
